

# Apostolic Empowerment Series

## Confirming the Foundations of the Faith

**The classes for the Apostolic Empowerment Series are described as Follows:**

*This is An In-house Apostolic Training and In-service Series:*

These courses reaffirm the basic points of the Apostle's doctrine of the Rebirth. By taking these courses, Apostolics are Empowered with the knowledge of the Real Apostolic Plan of salvation and can explain that there are no other Plans or methods of conversion and salvation taught in the Bible.

A Gmail address is needed to access the class.

The most probable audience for the Empowerment series are apostolic bible college students, apostolic pastors, soul winners, Sunday School teachers, and saints who want to sharpen their knowledge and skills in presenting and defending the biblical-apostolic plan of salvation.

## **This series includes the following three classes:**

### **The Theology of Biblical Baptism**

In this class we will search the Scriptures and the history of the church to answer some of the most fundamental questions about baptism. We respond to the most widespread questions about, the necessity of baptism, the purpose of baptism and the benefits of baptism.

We address the question: What is the difference between the baptism in Jesus' name and the trinity formula of baptism using the titles father, Son, and Holy Ghost? These and many other questions will be answered in this study on the Theology of Biblical Baptism.

This is a 3-credit hour class at the IAAAIT

Textbook required Born of the Water, by Pastor Tim Harris

Each student and participant must have a Gmail address to access the class.

### **The Science of Speaking in Tongues**

The public search for understanding of what speaking in Tongues mean and what it is, is one of the hottest topics in the church world. Some of the main urgent questions are, do you really have to speak in tongues to get the Holy Ghost? What is the difference between speaking in tongues as the initial evidence of being filled with the Holy Ghost and speaking in tongues as a gift of the Spirit? Are there other signs seen in the Scriptures and or the movement of God in history that were used by God as a sign that men are filled with the Holy Ghost? These and other questions are addressed in this course.

In this course we study the theology behind speaking in tongues as the initial evidence of being filled with the Holy Ghost by finding the origin of its counter part in the book of Genesis. We show that speaking in tongues as initial evidence is the dispensational sign of the Last Days and the Dispensation of Grace. In here a study of the pattern of God filling men with the Holy Ghost with the evidence of speaking in tongues, that proved to be documented scientific proof that speaking in tongues is the initial evidence of being filled with the Holy Ghost.

### **Modern Conversion Theology**

In the Modern conversion practices of the church world today, based on a misconception about the context of Romans 10:9, many churches, evangelist, and bible college teachers teach that conversion is wrought by the convert saying a salvation prayer. This idea is the basis and the seed of much of the faulty and erroneous conversion theology taught in the church world today. Misthinking that Romans 10:9 is teaching that, has led to a whole list of other passages being claimed to be conversion passages. On that list are I John 5:1, Ephesians 1:13, Matthews 3:1-6, and a host of others that are analyzed in this course. Therefore, in this class we conduct a search of the Scriptures that prove that Romans 10:9 is not related to conversion.

Thinking this causes many to devaluate the sacred apostolic sacrament of baptism, and they use this misconception as an alibi to neglect seeking to be filled with the wonderful gift of the Holy Ghost, speaking in tongues, saying I got it when I confessed Christ.

And too, thinking Romans 10:9 is teaching that salvation is complete by just saying a salvation prayer has misled many generations of people into thinking that baptism is not necessary. Because of that situation, in this class we reveal the true meaning of Romans 10:9 and we analyze each of the pseudo-salvation passages that are used to deter converts from being born again according to the Apostles doctrine (Acts 2:38).

Therefore, in this class we thoroughly investigate that theology and from our finding conclude that Romans 10:9 is unrelated to conversion.
